Eduard Alexander Gummels International Airport

Pilot Information

About us

EAG Airport Management N.V., an aviation venture with a rich legacy and a vision for the future, with a mission to operate Heliport Paramaribo, with over a decade of heliport experience and lead the seamless transition into EAG Airport.

The strategic location of EAG Airport provides numerous advantages, making us a key player in the region for city pair business travel & offshore Helicopter operations.

Part of the Group Belegging-en Beheersmaatschappij Sky Farmers N.V., along with Surinam Sky Farmers N.V. and Gum Air N.V, we bring over 60 years of experience in the aviation industry. As a family-owned company deeply rooted in aviation, we are committed to delivering exceptional services and transforming commercial aviation in the region.

On March 20th, 2025 the EAG airport has formally been opened for fixed wing operations, serving our sister company and partner airline to facilitate the Guyana and Cayenne Routes. In addition we are open to serve other commercial, non commercial aviation and continue to serve the offshore Helicopter operations.

The airport is named the Eduard Alexander Gummels (EAG) Airport, honoring the founder of the farm that houses the airport, whose legacy shapes our journey.
